National University Cancer Institute, Singapore

**Dr. Nesaretnam Barr Kumarakulasinghe**

MBBS (S'pore), MRCP (UK), FAMS (Oncology), MSc Health Informatics (Stockholm), GDip Geriatrics (S'pore)

Consultant, Medical Oncology, Department of Haematology & Oncology, National University Cancer Institute, National University Hospital

Adjunct Associate Professor, Department of Biomedical Informatics, National University of Singapore

Associate Director of Data & Informatics, National University Cancer Institute, National University Hospital

Associate Director, Group Cluster Technology Office, National University Health System

Unified under a single electronic healthcare system, and with a strong national push towards integration of AI within healthcare, Singapore seeks to be one of the leaders in the AI frontier. National University Cancer Institute is a tertiary institution serving oncology patients in Singapore, and is in its early stages of building its data infrastructure and rolling out pilot AI projects in clinical use. Dr Jerold Loh, a clinician with a special interest in precision oncology utilising AI, joins us to share his experiences and challenges in infrastructure building and data automation, and the work he has done so far.

**WHEN**

**Thursday**
**19 November 2026**
13:00 to 14:00

**WHERE**
